Thank you for choosing genuine Steinway & Sons parts. When ordering, please provide your **Customer Number**, the part number of each item, and the quantity of the item(s) you wish to order. Also, please include the Steinway model and serial number information if possible to help ensure we accurately fill your order. Please note that some furniture parts are shipped slightly oversized to allow for custom fitting.

For order fulfillment and shipping status, we recommend that you provide your email address. This allows UPS to email you notification of shipment with each package tracking number for your convenience.

We ship via UPS. Prices listed do not include shipping and handling. A boxing charge will be added on select parts when applicable. If items sustain damage during delivery, notify us immediately so that we can file a claim with UPS on your behalf.

We offer a 30 day return policy on all orders. Please inspect your order upon receipt as we cannot make adjustments or credit your account after 30 days or on parts that have been altered. Certain items may incur a restocking fee.

For your protection, ship returns via UPS, Federal Express, or other methods that require a signature upon receipt. If returned items are lost and delivery verification is not available, we can not provide credit. **Parts must be returned unused and in new condition.** We must be advised prior to return to ensure credit.

- We accept MasterCard, Visa, and American Express.
- Please note that there is a \$20.00 minimum per order.

Prices and specifications are subject to change without notice
